

BESCON BLITZ MULTI CLEAN WB

DESCRIPTION: Bescon Blitz Multi Clean WB has been specifically developed to quickly attack grease, oil and fats on concrete floors, walls, utensils and equipment. Blitz Multi Clean WB has been formulated to be used on concrete and machine shop floors.

Features:

- Excellent solvency for oil and grease-based spills.
- Fast Acting Foaming Detergent.
- No V.O.C. / Fully Biodegradable.
- Low cost
- Flushes off with water

Solvency

- Bescon Blitz Multi Clean WB is to be sprayed directly onto the grease / oil stain. Spray the foam from the outside of the stain towards the centre of the stain. Always rinse thoroughly after use.

Packaging : Bescon Blitz Multi Clean WB is supplied in a concentrated form and can be used directly from the pack or can be diluted with water (up to 1 litre in 2 litres water).

Safety : Additional information is contained within the Safety Data Sheet. Read the label on the Blitz Multi Clean WB pack prior to use
Storage: Keep sealed & out of direct sunlight.

Typical Characteristics:

Appearance: Orange liquid
Not a Dangerous Good (ADG Code vol 7)

Caution: Do not use on polished marble or any porous surface. products such as Sandstone, Marble - Travertine or unsealed tiles.

Versatility:

- Bescon Blitz Multi Clean WB is to be used neat, straight from the bottle.
- Bescon Blitz Multi Clean WB is fully miscible with water.
- Bescon Blitz Multi Clean WB does not contain Solvents or Sulphuric or Phosphoric Acid.

Application:

Bescon Blitz Multi Clean WB is to be used in a concentrate for heavy stains, built up grime and fat. Apply Bescon Blitz Multi Clean WB to the surface and allow it time to penetrate and soak in. Work from the outside of the stain towards the centre. Brushing in alternate directions will help with breaking up the grease / fat. Continue to brushing with a short scrubbing action.

Use a pressure washer to thoroughly rinse the surface to ensure all the product has been removed. Repeat the treatment should you wish to improve the results. It is always suggested that a test area be selected to establish the suitability of the Bescon Blitz Multi Clean WB on the intended surface to be cleaned. Do not allow the product to dry on the surface and do not apply to hot surfaces.

Pack Sizes: 5, 10 and 20 litres
